Whole-Patient Health

ENGAGING SOLUTIONS

Cost Effective Benefits

Between the ever-increasing cost of healthcare and the exponential growth of technology, you'll find innovative and engaging health solutions.

Virtual, Digital and Whole Patient Health products and services help members connect with health tools for a smoother, more cost-effective healthcare experience.

All Your Benefits in One Place

Rather than living in websites, apps and even paper – provide a single health dashboard from which users can get the information they need, all in one place.

ShowBenefits® manages members from one place. A communication hub for all their benefits. Easy to use, customizable, and scalable.

ShowBenefits Mobile App

BENEFIT AGGREGATION SOLUTION

All in One Employee Communication App

Rather than living in separate databases, websites, apps and even paper - provide a single health dashboard from which users can get the information they need.

Manage employees from one place and communicate all your benefits in an all-in-one employee app. Easy to use, customizable, and scalable.

Engage your team, reflect your company culture, and solidify your employer branding with the ShowBenefits employee communication and engagement app.

Push Notifications

Communicate directly with employees through ShowBenefits. Send timely messages about benefit information, plan features, or even company events.

Our technology allows Consultants or Plan Administrators to push messaging to the entire group or directly to individuals.

01

Benefits Transparency

SHOW employees their benefits. Display ID Cards, Plan Summaries, and track deductible accumulation information.

02

Telehealth

\$0 Copay Medical. Unlimited access, family coverage.

03

Chronic Care

An intelligent real-time, diabetes coaching module. Manage diabetes care, track and analyze important factors such as labs, medications, diet, activity, and sleep.²

04

Advocacy, Bill Negotiation & Physician Locator

Professional healthcare navigation, coordinate care among medical providers, and collaborate with attending physicians for another diagnosis.

Bill Negotiation

LOWER COSTS ON HEALTHCARE BILLS

Expert Negotiators at Work

Anytime a member or employee has a medical bill over \$400 not covered by their insurance, our skilled negotiation team will work with all providers to get a discount. Successful negotiations can save hundreds, and sometimes thousands, of dollars.

They will learn from our experts how to use their benefits wisely in the future—such as using in-network providers. Members and employees will get immediate relief and your benefits will be more effective.

Did you know?

61% of adults surveyed who asked their doctor for a discount got one!*

*Rosen, Martin and Leibowitz, MD, Abbie. *The Healthcare Survival Guide*. HealthAdvocate Publishing, Inc. 2009. Print.

Chronic Care

SCALING PRECISION CARE GUIDANCE

Award-Winning chronic disease app

Chronic Care is a digital solution that supports people aged 18 and older with diabetes, prediabetes, hypertension, heart failure, and behavioral health issues by delivering intelligent, real-time coaching at scale¹.

This app integrates with hundreds of devices, trackers and health apps, allowing users to connect their existing devices. Improvements were observed in clinical data showing an A1C drop of 1.7 - 2.0 points on average* and cost savings of \$3,048 - \$3,252 per patient annually†.

FDA approved

Delivering an evidence-based care model through a powerful digital platform, with a suite of solutions tailored to specific chronic conditions. Our solution engages members through a smartphone app to give people real-time, personalized tips to better self-manage their conditions.

01

Diabetes

Coaching messages support self-management behaviors.

02

Hypertension

Tracking and coaching on blood pressure and lifestyle management.

03

Prediabetes

A Digital CDC PreventT2 Program.

04

Behavioral Health

Work through common challenges with a customized action plan.

05

Heart Failure

Symptom tracking with the goal of improving quality of life and reducing hospitalization.

¹ Indicated for use by patients aged 18 and older who have type 1 or type 2 diabetes and their health care providers. Our Chronic Care product is not intended to replace the care provided by a licensed health care professional. Our Chronic Care product should not be used by patients with gestational diabetes or patients using an insulin pump. Contact us for complete labeling.

* A multiple-study clinical trial program was conducted with Welldoc proprietary algorithms used in addition to the usual standard of care. A1C was reduced by 1.9% in a 1-year study (N=163; P=0.001) and by 2.03% in a 3-month study (N=30; P<0.02) versus 0.7% reduction with usual care in both studies.

† IBM Watson Health™, formerly Truven Health Analytics created a complex custom algorithm and applied it to the MarketScan data, resulting in quantized total costs broken down by A1C levels in a way that was comparable between ages, stability and degree of glycemic stability/control.

Companion Care

CAREGIVERS NEED EMPLOYER SUPPORT

Providing Care for Loved Ones

With nearly 50% of the workforce already responsible for an aging loved one's care, employers are facing what is fast becoming a caregiving crisis.

Companion Care connects a fully curated and trained network of youthful, energetic adults, with employees for their respite care needs. Programs improve overall employee work/life balance and productivity by reducing absenteeism. All companion caregivers undergo robust background checks and training to serve employees.

Childcare

An Upgraded Experience with Proven Returns on Investment

Avoid waiting rooms and the inconvenience of going to the doctor's office. Visit a doctor by phone, secure video, or app.

Gain access to unlimited Dermatology consults, and 3 visits to a Behavioral Health Professional per family, per year.* Treating over 80 conditions:

Acne / Rashes	Allergies
Cold / Flu / Cough	Constipation / Diarrhea
Ear Problems	Fever / Headache
Anxiety / Depression	Nausea / Vomiting
Grief / Loss	Relationship Issues
Addictions	And More

\$0 Medical Consults

Unlimited virtual visits with U.S. board-certified doctors for \$0 for the whole family who can diagnose and prescribe in real-time.

Unlimited Dermatology

\$0 Copay on every virtual visit with a licensed Dermatologist, with unlimited access available to the whole family.

\$0 Behavioral Consults

Virtual visits with licensed behavioral therapists with \$0 Copay for 3 consults per family per year.*

*Additional calls may have additional costs

Convenient

Contact a primary care or behavioral health physician and answer a few questions. Our doctors will get to the bottom of the issue.

Personalized

Treatment plans based on the unique needs of every patient. Interactions with physicians include follow up questions free of charge.

Comprehensive

We provide health screenings and assessments to determine potential risk factors in order to manage specific issues and conditions.

Virtual Primary Care

MESSAGING, CHAT, VIDEO & CALL ENABLED

Seamless care for the whole person

Integrated team of top primary care and behavioral health physicians to provide unbiased, confidential care through message-based and video interactions.

Key components of Virtual Primary Care:

Health Risk Assessments	Behavioral Health
Triage for ER & Urgent Care	Preventative Care
Referrals to Specialists	Acute Illness Treatment
Lab Orders & Reviews	Gastrointestinal Issues
Fever & Flu Symptoms	Diet & Exercise Education
Asthma & COPD	And More

Licensed Therapists

Therapists who assist with language disorders, impairments, articulation, lost speech skills, accent modification, stuttering, and more.

Coverage for the Whole Family

In childhood, speech sound disorder (SSD) poses a barrier to academic and social participation.

Executive Speaking

We have treatment plans to improve executive function skills, which impact spoken and written language.

Injury Recovery

Therapy may include retraining of swallowing function if an injury or medical condition occurs.

Speech Therapy

SUPPORT FOR EVERY AGE

Increase clarity and communication

Communication disorders such as speech impairments cost the United States approximately \$154–186 billion annually. With jobs progressing away from being manual-based jobs to jobs based on communication abilities, speech has become a critical part of a successful workforce.

Stroke victims can improve communication by restoring as much language as possible, teaching how to compensate for lost language skills, and learning other communication methods.

MSK Care

LONG-TERM BACK & NECK PAIN RELIEF

The Solution to Back Pain

Our MSK Care product delivers a digital therapeutic experience to establish member relationships that mimic in-person interactions using a motivational interviewing (MI) foundation. With On-demand access to specially-trained coaches and video and chat interactions.

Unlimited access for clinical and insurance-related issues

Nurseline

24/7 ACCESS TO ANSWERS

Medical information and help

Finding the right answers at the right time is at the heart of what we do. Nurseline offers unlimited access to highly trained registered nurses for help and information, 24/7.

Employees will make smarter decisions, reduce unnecessary trips to the ER or doctor, and get the healthcare help they really need – saving time, money and worry.

Did you know?

56% of emergency room visits were avoidable.*

The decision to receive treatment at an emergency room is one of the many reasons Americans spent \$3 trillion on healthcare in 2014.*

*<https://www.debt.org/medical/emergency-room-urgent-care-costs/>

Physician Locator

GAIN BACK LOST TIME

Improve employee productivity

Companies lose \$26 billion a year from extra absence on the part of employees who have to deal with health benefits administrators. Physician Locator concierge services will expertly assist employees and reduce wasted time.

\$21.6 billion a year in productivity is lost simply from the time employees spend on the phone with health insurance representatives, this is where Physician Locator can significantly reduce that time. Employees can utilize our healthcare experts to guide them and their families, which will maximize in-network claims.

MEMBER TESTIMONIAL

The Problem

1. Joanne was unsure if a surgery she needed was covered under her plan
2. She was also worried about any potential out-of-pocket costs
3. In the past, she would have made multiple calls to the surgeon's office and her insurance company, trying to get a clear answer

Our Solution

1. We confirmed that the surgeon and facility were in her plan's network
2. Explained her plan's coverage and the percentage she would be responsible for
3. Connected Joanne to a Personal Health Advocate who could answer her questions about the procedure and the estimated recovery time

Second Opinion

PERSONALIZED GUIDANCE

Improve employee outcomes

Led by an experienced team of physicians and nurses, it offers unique, concierge-level guidance to the right medical experts for in-person and remote second opinions, helping to ensure the accuracy of diagnoses and treatments and the use of best-in-class care.

Our dedicated clinical team will coordinate and manage the entire second opinion process, including finding the right specialists to meet each individual's unique care needs.

We coordinate second opinion visits (in-person or remote) and facilitate the transfer of medical records, and provide comprehensive reporting on medical outcomes, cost savings and ROI.

Clinical Intake Process

Perform a detailed clinical intake including the employee's medical history and treatments to date

Locate Physicians

We search over 58,000 Academic Centers and Centers of Excellence, to connect employees to the right world-class specialists

Care Coordination

Collaboration with treating physicians, pre-visit testing, post-appointment follow up and in-hospital and treatment decision support

Teledentist

FAST DENTAL RELIEF

Fast Response and Professional Solutions

Our Teledentist solution helps solve for most dental and oral health problems. With a two-phase teledentistry solution that combines technology and reliable, time-sensitive dental care and follow up care for the 5 million patients who suffer annually from a urgent oral/dental problem.

01

Video Consult & Diagnosis

- Board Certified Dentists for consults
- Scripts emailed to patients as needed

02

Connecting Patients & Dentists

- Schedules follow-up dental appointments
- Next-day care for urgent dental needs

Filling a Dental Void

In 2016, 2.1 million patients went to an ER or Urgent Care clinic seeking help for a dental problem. They wasted time and money because knowledgeable dental professionals don't work at those locations.

The average American hasn't been to a dentist in the past 3 years, while 5 million patients annually have an urgent oral/dental care need with over 50% of Americans not having dental Insurance.

We are your members' safety net when they unexpectedly need a dentist.

Connect in Minutes

All Dentists are board licensed and vetted by multiple national companies

Dentists will hold time on calendars for next business day for urgent care needs

Video interaction via computer or smart phone and diagnosis given

Corrective action prescribed at patients preferred date and time

Telepet

VETERINARIAN ASSISTANCE

Most Americans have Pets

On average, pet parents deal with about four issues per month. We offer real-time veterinary support services where pet owners can consult with a professional in seconds via phone, live chat, mobile messaging, or email.

Telepet services drive the recruitment and retention of valued employees, especially millennials. These benefits empower pet owning employees to care for their pets efficiently, leading to less time away from the office.

75% of Americans in their 30's have dogs, and 51% have cats and the number is growing. Employers can reduce their employee's potential for financial stress due to a pet emergency by having a pet care benefit in place.

Emotional Wellbeing

Pet owners have more positive moods, more ambition, greater life satisfaction, and lower levels of loneliness.

Financial Wellbeing

Employers can reduce their employee's potential for financial stress due to a pet emergency.

Physical Wellbeing

Pet owners are in better physical condition than non-pet owners, and they made 15% fewer doctor visits.

Behavioral Health

MENTAL WELLNESS SOLUTIONS

→ The Calm App

The award-winning Calm App practices mindfulness, sleep improvement techniques, and tapping into meditation exercises.

→ Customized Podcasts

We offer private podcasts which allow for employees to better understand the language of mental health and to build on self help tips.

→ Unlimited Counseling

Significant improvements in work presenteeism, work engagement, workplace distress, work absenteeism, and happiness.

→ Family Behavioral Health

Support kids and teens with a range of behavioral health needs, with expert therapists and coaches and on-demand resources for parents and caregivers.

→ Enhanced Telehealth

Unlimited access to acute primary care, dermatology and 3 behavioral health consults with licensed, NCQA credentialed providers 24/7.

→ Mental Wellness Courses

Give your clients access to budget-friendly tools to increase resiliency, problem-solving, improve self-esteem, and help manage their stress.

→ Therapy Chat

Delayed care can equal more expensive care. Therapy Chat can reduce expensive claims dollars and save employers thousands.

The Calm App

AWARD-WINNING APP

Over 100 million downloads

Bring Calm to your workplace – only 31% of employees say their company has successfully addressed employee mental health, according to a PwC survey. Calm users practice mindfulness, sleep improvement techniques, tap into relaxation and meditation exercises.

The full catalog contains multi-day series that focus on specific goals (i.e., managing stress, focus, calming anxiety, sleep, happiness, gratitude, self-esteem). Calm has guided sessions (e.g., body scan, loving-kindness) from 3 to 30 minutes and unguided meditations, with new programs regularly being developed.

What Calm has to Offer Members

- | | |
|--------------------|----------------|
| 1. Managing stress | 5. Happiness |
| 2. Focus | 6. Gratitude |
| 3. Calming Anxiety | 7. Self-Esteem |
| 4. Sleep | 8. Much More |

Scalable

A stable and scalable platform for immediate release

Unlimited Counseling

AVAILABLE TO THE WHOLE HOUSEHOLD

Assistance Balancing Home & Work

Unlimited Counseling services is a confidential resource that helps individuals deal with life's challenges and the demands that come with balancing home and work.

We provide confidential, professional referrals and face-to-face counseling session opportunities for a wide variety of concerns.

Anxiety	Depression
Marriage Problems	Relationship Challenges
Grief & Loss	Stress
Substance Abuse	Anger Management
Work Pressures	And More

Confidentiality

Our Unlimited Counseling program upholds strict confidentiality standards. Nobody, including an employer, will know when employees have accessed the program unless specifically granted permission or there is a concern that presents the program with a legal obligation to release information.

Technology

- Practical tools & resources to practice resiliency, mindfulness, and other skills
- Search engines for dependent care, education, legal, financial, and convenience services
- Secure video counseling through a private portal
- On-demand Education
- Bilingual content (English & Spanish)
- Mobile App
- Call/Live Chat with Counselors
- Video/In-Person Counseling

Expert Consultations

Whether you are a new parent, a caregiver, selling your home or looking for legal advice, you're likely to need guidance and referrals to expert resources.

Legal Assistance

Free telephonic or face-to-face legal consultation.

Financial Assistance

Expert financial planning and consultation.

Family Assistance

Consultation and referrals for everyday issues, such as dependent care, auto repair, pet care, home improvement and more.

Pediatric Clinical Services

Family Behavioral Health provides highly specialized pediatric behavioral health clinical services.

Parent & Caregiver Support

Self-guided and coach-supported skills-based training for parents and caregivers.

Virtual & Flexible Solution

Web-based, video, and on-demand care from healthcare professionals are delivered straight to any device.

Personalized Treatment

Personalized treatment from expert therapists, psychiatrists, and speech therapists provide help for conditions like anxiety, depression, ADHD, and disruptive behavior.

Family Behavioral Health

DESIGNED FOR KIDS & TEENS

Supporting children, teens, and their families

Designed specifically to support kids and teens with a range of behavioral health needs, our Family Behavioral Health solution is a program for toddlers through teens. Our multidisciplinary care teams provide personalized support through virtual visits with expert therapists and coaches and on-demand resources for parents and caregivers.

Mental-health challenges among children have increased, which has had a profound effect on the personal and professional lives of working parents and caregivers. These individuals can suffer from lost work productivity and, in some cases, make the difficult choice to leave their employer so they have more time to focus on their children's needs.

Enhanced Telehealth

MEDICAL & BEHAVIORAL

An Upgraded Experience with Proven Returns on Investment

Avoid waiting rooms and the inconvenience of going to the doctor's office. Visit a doctor by phone, secure video, or app.

Employee Habits

People with dental benefits are more likely to visit a dentist, take their children to the dentist, and have better overall health

Broad Service Range

With discounts up to 50% on preventive, diagnostic, restorative, endodontics, periodontics, oral surgery, and orthodontics.

Avoid ER Visits

According to the American Dental Association, dental pain accounted for 2.1 million emergency room visits in 2010.

Discount Dental

LOWER COSTS FOR ORAL HEALTH

Thousands of credentialed dentists

The negative impacts of poor dental health go beyond having bad teeth; they also affect health, employment, and well-being. Poor oral health has long-term effects associated with serious illnesses like cardiovascular disease, certain types of cancer, pneumonia, dementia and Alzheimer's disease, and birth complications. By providing lower costs to improve oral health, serious and expensive medical issues can be mitigated and avoided altogether.

Did you know?

74 million Americans have no dental coverage – that's almost one-quarter (23%) of the population or more than double the percentage that lacks health insurance.

Discount Hearing

HEARING DISCOUNTS

Nationwide network

Receiving hearing loss treatment can improve quality of life, increase energy, and help individuals connect with colleagues, clients, friends, and family. They can also help to conserve the hearing that remains. Hearing loss treatment can improve an individual's ability to perform well and be an active part of the workplace.

Hearing aids were shown to reduce the risk of income loss by 90 to 100% for those with milder hearing loss, and from 65 to 77% for those with moderate to severe hearing loss. Untreated hearing loss can decrease an employee's annual income by as much as \$30,000.

\$0 Consults, Anytime

Service is free, unlimited, and completely confidential. Spouses and Dependents are welcome to use the service.

Save Time & Money

Reduce lost productivity, plus save between 25% - 30% on average with online doctor consults.

Fully Credentialed

Nationwide imaging network of over 2,900 imaging providers

Reduce Employer Costs

Low-cost imaging centers can help reduce costs by 62%

Improve Outcomes

Increased imaging could save up to \$1.2 billion annually in the treatment of stroke patients

Reduce Admissions

CT scan reduce the number of unnecessary hospital admissions

Limit Invasive Procedures

CT scans can detect a polyp before it is cancerous, which is less invasive than a cardiac catheterization

Discount Imaging

DETECT CONDITIONS EARLY

Offset PET, MRI, and CT imaging expenses

Detect conditions before they worsen to the point of needing surgery. Diseases and conditions caught in the late stages usually require more intensive treatment or surgery, which normally comes with higher costs and complications.

Did you know?

Every \$1 spent on in-patient imaging correlates to approximately \$3 in total savings, and every \$385 spent on imaging decreases a patient's hospital stay by one day, saving approximately \$3,000 per patient.*

*Study conducted by researchers at Harvard Medical School

Global market for blood testing

Expected to grow at a compound annual growth rate of approx. 11.25% (2020-2027)

Lifelong health screening

A cost-effective preventative measure that can detect risks early

Monitoring treatments

Leading to better prognoses and more favorable outcomes

Transparent costs

Price compare and pre-purchase tests, with no hidden costs

Discount Lab

BETTER DISEASE MANAGEMENT

Over 300 blood panels

Laboratory tests are included in nearly 25% of U.S. patient care quality indicators for adults. Laboratory medicine professionals play a critical role in ensuring high-quality, cost-effective clinical care with informed interpretations of results.

For members with insurance, the prices are often lower than the co-pay and deductible that a doctor will charge; and for the uninsured or those on an HRA, HSA, FSA, or other plan, members can screen their health within their budget.

Did you know?

Discount Lab can help members catch health conditions early, monitor a chronic disease, such as diabetes, determine if treatment is working, and check if organs work properly.

Discount Medical

MEDICAL DISCOUNT SERVICES

Save on physicians & ancillaries

Competitive Health's Discount Medical benefit provides savings at over 410,000 physicians and over 45,000 ancillaries (lab, x-ray, imaging, durable medical equipment, home health care). Members can benefit significantly from medical services by utilizing the contracted provider networks.

Participating providers include:

Weight Loss	Infertility
Pediatricians	Family Doctors
Allergists	Dermatology
Internal Medicine	And More

Lower Absenteeism

Service is free, unlimited, and completely confidential. Spouses and Dependents are welcome to use the service.

Five Risk Factors to Absenteeism

High blood pressure, smoking, diabetes, physical inactivity, and obesity cost US employers \$36.4 billion a year

Impact the U.S. Workforce

Workplace programs that promote and protect health could reach more than 157 million US workers

Discount Pharmacy

SAVE MONEY ON PRESCRIPTIONS

No insurance needed

Discount Pharmacy is an easy way to help employees and their families with all their prescription drug needs. Instantly receive an average savings of up to 65% on drug prices and is available at over 59,000 pharmacies nationwide.

Members do not need insurance to get lower-priced prescriptions, and Discount Pharmacy does have some prescriptions priced lower than insurance, so employees should always inquire at the pharmacy before purchase.

Online portal for pharmacy savings

Members can search for prescriptions online and compare prices and confirm availability and preferred pharmacies before going in-person.

Reduce Sticker Shock for employees and their families. High deductibles, high pharmacy copays, drugs not covered on the formulary, the list goes on and on. Discount Pharmacy saves employees and their families money on prescriptions.

Discount Vision

VISION TESTS, GLASSES & CONTACTS

Save on private & optical retailers

Nationwide vision care discount network consisting of over 10,500 providers including both private practice providers and optical retailers such as Sears Optical, JC Penney Optical, Target Optical, Lens Crafters, Vision Works, For Eyes Optical, Walmart Vision, and most Pearle Vision locations.

Average discounts of up to 50% off on frames, prescription lenses and sunglasses.

Lower Healthcare Costs

People with cardiovascular disease lowered their medical bills by an average of \$2500 a year if they followed a consistent exercising routine.

Prevent Heart Disease

Individuals without heart disease and a risk factor of one saved around \$500 a year in healthcare costs.

Avoid Hospitalizations

Among an established high-risk group such as those diagnosed with heart disease or stroke, those who engaged in regular exercise activities reported a much lower risk of being hospitalized, (having) an emergency room visit, and use of prescription medications.

Fitness

DISCOUNTED RATES

Access to gyms & online fitness programs

Discounted rates for memberships at thousands of in-person and online gyms, including big names such as 24 Hour Fitness, LA Fitness, and Curves. Fitness discounts on Zumba Fitness, exercise equipment, and fitness trackers are also available.

Regular physical activity helps improve overall health, fitness, and quality of life. It also helps reduce the risk of developing chronic conditions like type 2 diabetes, heart disease, many types of cancer, depression and anxiety, and dementia.

Did you know?

An economic model based on survey data found that adults who engaged in at least 30 minutes of moderate to vigorous physical activity at least five times per week had lower healthcare expenditures and resource utilization compared with those who did not exercise as much.
